

Duck says

How might Duck say "No"?

**Just say
"No, thank you."
Then make sure you tell
an adult what just
happened.**

In the story Duck didn't know how to say "NO" to Cat, or for that matter, any other animal!

When his Mom and Dad spoke to him he said he was going to practice what to do if he ever needed to get out of doing something he didn't want to do again. We are now going to help Duck come up with some ways of saying "NO" when he is asked to do something he doesn't want to do.

You need to think of ways they could say "NO" to someone if they tried to get them to do something they didn't want to do. We've given you an example above, to get you thinking...
