

(Guidance for the following resource)

Choose the right clothes for the right day!

1. Knowing how to get dressed is great, but what should we wear on what day?
2. We have a set of weathers you and your child could find yourselves in on any day
3. We would like you to use these sheets and ask your child how Dog, Duck or Cat should be dressed for that particular day
4. You will have a list of clothes to choose from on each sheet
5. Or you could come up with your own list, whatever works best for you
6. You can talk about individuality and different cultural styles of dress; it is all about diversity and how wonderful that all is
7. You could actually get your child to dress up, maybe you could join in and show them, it can be so much fun
8. But not only is it fun, it also:
 - Means that your child is talking with you and building their conversation skills
 - Means you are spending time together which we know is really difficult when everyone is so busy
 - Leads to you helping your child to build their reasoning skills – these are skills they need as they grow up
9. Remember to have fun! Collect the clothes, have a go, have a laugh and enjoy it!
10. And, if you have any questions please contact us on:
