

Safety Slogan

How do I stay safe?

Tell your child to think carefully about the messages they have learned from the story.

Tell them to write THEIR personal safety slogan on the next sheet, of what safety means to them.

The traffic safety messages/green cross code is an ideal example; simple and memorable:

- Stop • Look • Listen • Think • Live

Discuss the 'slogan' with your child.

You must explain to your child that if ever they are in a situation that worries them, they should tell an adult they trust such as a teacher or parent/carer.

You do not need to print these activities - if you don't want to. You can go through the activity on screen with your child.

Write your personal safety slogan below

My Safety Slogan is:
